Prior Close	252.93

View More

The Spectrum Index represents the composite market value for all licensed spectrum traded on the secondary market.

This Issue's Top Story

Illuminate the Magic - RCA 2010 Recap

Last week, we attended the Rural Cellular Association's Annual Convention in Las Vegas to showcase TV White Spaces and its potential for mobile applications. Among the many questions we received regarding our deployed experimental networks and TV White Spaces, one question was clearly on everyone's mind.

"How will the availability of TV White Spaces change the marketplace?" (Read More)

Spectrum Bridge News

Spectrum Bridge Appoints Neeraj Srivastava as VP of Business Development

Industry veteran to lead the company's market expansion

Spectrum Bridge, the leading innovator in addressing spectrum availability and capacity challenges, today announced that Neeraj Srivastava has joined the company as vice president of Business Development. Neeraj will focus on expanding Spectrum Bridge's partnerships with other leading technology innovators in a unified effort to educate carriers and policy makers on efficient spectrum allocation and address the growing capacity crunch on wireless networks.
